R55
Electric 240v Control

R55

Electric 240v Control

- 01** The metal brackets supplied with the blind may be top or face-fixed and the bracket covers are added before fitting the blind.

- 02** Check that blind fits correctly. The fabric should roll off the back of the barrel, unless ordered as reverse-roll.

- 03** Fix the motor-end bracket using the appropriate screws/plugs.

- 04** Locate the motor onto its bracket, and mark the position of the pin-end bracket.

N.B. To operate correctly, complete blind **MUST** be level.

R55

Electric 240v Control

- 05** Insert the pin-end of blind into its bracket, then locate motor end into the other bracket so that it drops into place.

- 06** For setting limit stops, refer to motor instructions.
