

KR20S Slow-rise Spring

YewdaleKestrel® Roller Blinds

yewdaleKestrel®
MAGNETIC ANTI-LIGATURE SYSTEM

KR20S Slow-rise Spring

Features:

The YewdaleKestrel® KR20S slow-rise spring roller blind with slow-rise spring ensures smooth and quiet operation. White metal universal brackets fitted to white aluminium back bar for face, top or side fixing with 32mm grooved aluminium barrel. Fabric is locked into groove in barrel, and features white Tear Drop aluminium bottom bar with cord pull as standard. This system uses magnetic wall-fix / top-fix brackets. This ensures that, under excess load, the back bar separates from the bracket leaving no remaining points of ligature - a highly essential safety feature.

Roller Blinds Specification Guide

| Roller blinds | Min Width* | Max Width | Max Drop | Max M² |
|---------------|------------|-----------|----------|--------|
| KR20S** | 450 | 1850 | 2250 | 4.3 |

Sizes shown in millimetres. Based on fabric weight of 220g/m², e.g. Thames. Use of heavier fabrics may require appropriate reductions. *Where adjacent blinds are fitted with YewdaleKestrel®, there should be no more than 2 brackets within a total distance of 700mm. **Use of limit stop may require appropriate reductions.

Benefits:

Smooth and quiet operation makes the KR20S an excellent choice for a vast range of applications. The KR20S slow-rise spring provides the ultimate cord/chain-free solution and offers exceptional ease of use. The slow-rise spring is enclosed within the barrel and supported by sturdy, attractive metal brackets. Fitted to white aluminium back bar and secured by magnetic brackets for 100% fail-safe anti-ligature functionality. Fabric is locked into barrel and bottom bar maintaining exceptional edge to edge coverage for even better shading properties.

Options:

Spring limit stop; Alternative bottom bars, including fully fabric covered, in aluminium or plastic, and aluminium Tear Drop in black or silver.

Specification:

The magnetic anti-ligature YewdaleKestrel® KR20S slow-rise spring control roller blind with vandal resistant, cord/chain-free slow-rise spring as manufactured by Yewdale, +44 (0)1268 570900. Flame retardant fabric from the YewdaleDefiant® range, locked into grooved 32mm aluminium barrel along with white Tear Drop aluminium bottom bar. Slow-rise spring and spring end housed within aluminium barrel supported by white metal brackets, and fitted to white aluminium back bar, secured by magnetic wall-fix / top-fix brackets spaced in accordance with manufacturers recommendations. Fitting to be carried out by trained and accredited personnel.

YewdaleKestrel® KR20S is the only approved slow-rise spring roller blind system to be used with YewdaleKestrel®
