

KVL60 Chain Mono

YewdaleKestrel® Vertical Blinds

yewdaleKestrel®
MAGNETIC ANTI-LIGATURE SYSTEM

Vertical Blinds Specification Guide

Vertical blinds	Min Width*	Max Width	Max Drop	Max M ²
KVL60/127	300	4000	3200	10.0
KVL60/89	300	2700	3200	8.6

Sizes shown in millimetres. Based on fabric weight of 220g/m², e.g. Thames. Use of heavier fabrics may require appropriate reductions. *Where adjacent blinds are fitted with YewdaleKestrel®, there should be no more than 2 brackets within a total distance of 700mm.

KVL60 Chain Mono

Features:

The premium YewdaleKestrel® KVL60 vertical blind offers an anti-ligature shading requirement solution that is very easy to operate. Incorporating 45 x 36.5mm premium profiled white aluminium head-rail and wheeled replaceable plastic carrier trucks, and magnetic wall-fix / top-fix brackets. This ensures that, under excess load, the head-rail separates from the brackets leaving no remaining points of ligature - a highly essential safety feature. The constant transport of the louvres is guaranteed by the precision made aluminium spindle shaft. Bead-chain control operation by mono control, with built-in slip clutch for louvre tilt and draw. 127mm, or 89mm louvres available - both with enclosed louvre weights.

Benefits:

The KVL60 offers the ease of mono control - a comfortable change gear with large chain wheel cares for continuous transport and automatically switches from tilting to traversing. By pulling the ball chain the louvres tilt and then traverse. The strong, premium profiled head-rail and replaceable wheeled carrier trucks are designed to withstand the rigours of intensive use, whilst the ingenious mechanism allows precise control of light transmission. A long-lasting blind, delightfully simple to operate. The control mechanism is enclosed within the head-rail and supported on a sturdy, aluminium back bar, secured by magnetic brackets for 100% fail-safe anti-ligature functionality. With enclosed louvre weights as standard throughout to remove any individual loose part issues.

Specification:

The magnetic anti-ligature YewdaleKestrel® KVL60 vertical blind with chain operated, mono control as manufactured by Yewdale, +44 (0)1268 570900. 127mm or 89mm louvres in flame retardant fabric from the YewdaleDefiant® range, fixed to replaceable wheeled truck hooks and accommodating enclosed louvre weights throughout. Premium 45 x 36.5mm white powder-coated head-rail with chain operation by mono control, and built-in slip clutch. Secured by magnetic wall-fix / top-fix brackets spaced in accordance with manufacturers recommendations. Fitting to be carried out by trained and accredited personnel.

YewdaleKestrel® KVL60 is the only approved chain mono control vertical blind system to be used with YewdaleKestrel®
