roe fabric

shading efficiency

Transmittance is the amount of light and heat transmitted beyond the fabric. The lower the amount, the greater the efficiency.

Block/reflect is the amount of heat and light that is blocked or reflected. The higher the amount, the greater the efficiency.

Absorption is the amount of heat and light absorbed in the fabric. The higher the amount, the lower the efficiency.

Ultraviolet protection illustrates how protective the fabric is against ultraviolet rays. The higher the amount, the greater the effectiveness.

this fabric is GREENGUARD certified as a low emissions product suitable for indoor use.

YewdaleDefiant® roe fabric

Roe fabric is a uniquely stylish and popular fabric that offers diverse performance characteristics.

Whilst reducing solar glare, the comfort of natural light is still maintained. A choice of two openness percentages are available, allowing either 1% or 3% of light through.

Roe fabric comes in seven colours, with four colours available with a white back for a uniform external appearance. The flame retardant fabric is designed with commercial, education and healthcare environments in mind.

In this selector, there are fabric samples with both 1% and 3% openness for each colour as well as the four white back options below. If you hold this selector up to the window, you will be able to see the difference in light transmittance on the dark grey fabric.

Fabric Composition: 75% PVC, 25% Polyester
Fabric Range: 7 / 4 white back
Louvre Widths: 127mm (5")
 89mm (3.5")

Louvre Roll Length: 30m
Roller Fabric Width: 2000mm (72")
 2500mm (98.4")
 3000mm (183")

Roller Fabric Length: 30m (2000mm/2500mm)
 20m (3000mm)

Fabric Thickness: 1%: 0.62mm
 3%: 0.57mm

Fabric Thickness (WB): 1%: 0.63mm
 3%: 0.61mm

Fabric Weight: 1%: 496gsm
 3%: 445gsm

Fabric Weight (WB): 1%: 470gsm
 3%: 407gsm

Fire Retardancy: Conforms to EN13501-01(EU),
 BS5867, Part 2: Type B 2008

IMO Certified: IMO 2010 FTP CODE ANNEX 1 PART 7
Shading: High Performance Screen. Suitable
 for computer environments

Moisture Resistance: Suitable for moist conditions
Anti-Bacterial: Biosafe Accreditation

Care Instructions: Wipe clean
Mesh/in: 54 x 48

Lightfastness: 7-8

Options: White Backed
 Wider Width

this fabric range comes with a full **LIFETIME** Warranty as standard.

this fabric range comes with a full **BIOSAFE** Accreditation as standard.
