100 Cubicle Track

Features:

The rigid, high-grade aluminium track section and wheeled roller hooks are just an introduction to the many features of the YewdaleMovatrack® 100 cubicle track system, which is in use in many hospitals globally. Designed to give years of trouble-free service, this cubicle track system uses die-cast aluminium wall shoes for a secure position where tracks meet the wall, and suspension hangers for a rigid connection to the ceiling, unless directly ceiling fixed. Supplied with a curtain removal point as standard.

Benefits:

Strength and simplicity make the YewdaleMovatrack® 100 track system the first choice for a full number of applications. The premium quality track system has a strong and attractive aluminium profile which offers you more for less, in that it is able to span 3.0 metres between hangers, providing long term reliability. In a similar fashion, curtain

removal points are provided as standard on every track for added convenience when replacing curtains. The self-lubricating roller runner hooks are quickly loaded into the track through this point of access. Complies fully with the requirements of HTM66.

Options:

Silver anodised track; Any RAL colour available to order; Biosafe antibacterial treatment option available within white powder-coated finish only; Cubicle numbering system; Track mounted uplighters; Stainless steel roller hooks or rings.

YewdaleMovatrack® shower track:

Ideally suited for use as a shower track in washroom environments due to hygienic, wipe-clean properties.

Specification:

The YewdaleMovatrack® 100 cubicle track

system as manufactured by Yewdale, +44 (0)1268 570900. Track manufactured from premium quality aluminium with silver anodised / white powder-coated finish, able to span 3.0 metre without support. Double hangers to ensure full functionality of system. Complete with roller runner hooks at 10 per metre, curtain removal points per section and, overlaps as necessary, spaced in accordance with manufacturers recommendations. Flame retardant curtains from the YewdaleHarrier® range. Layout as shown on accompanying drawings. Fitting to be carried out by trained and accredited personnel.

YewdaleMovatrack® is the only approved cubicle track system to be used with YewdaleKestrel® for anti-ligature use.
