

300 Telescopic Divider Rail

Features:

The YewdaleMovatrack® 300 telescopic divider rail has a high-grade, yet lightweight aluminium wall mounted rail as standard. The folding mechanism utilises aluminium components for long-term reliability. The curtain arm is adjustable in length up to 2100mm depending on the model. Curtains are mounted to the rail by large plastic loops for ease of application.

Benefits:

YewdaleMovatrack® 300 is designed specifically for doctors surgeries, hospitals, and other healthcare institutes where space and privacy needs conflict, or where a fixed track is not suitable. This unique system

revolutionises space utilisation and caters for overhead hoists and other lifting equipment. The system comprises of a telescopic divider rail with light weight flame retardant curtains, that can go from its almost unseen closed position against the wall, to a full screen in 10 seconds. By having the choice of length of telescopic arms along with colours of curtains, ensures the product fits well within its environment.

Specification:

The YewdaleMovatrack® 300 telescopic divider rail as manufactured by Yewdale +44 (0)1268 570900. Lightweight telescopic aluminium track and curtains with unique fold-down mechanism. Flame retardant curtains from the YewdaleHarrier® range.
