FABRIC AND BLIND SYSTEMS

C22 Braked Spring

Features:

The YewdaleDefiant® C22 cassette braked spring roller blind features an enclosed aluminium headbox as standard. The premium quality spring and decelerator ensures smooth and quiet operation. Direct fix for top and face applications. The fabric is locked into a groove in the 32mm aluminium barrel, and features an aluminium Tear Drop bottom bar. A plastic cleat is used to hold the blind closed. Black or white hardware as standard.

Benefits:

An attractive metal-framed blind with the added appeal of slow-rise, or braked, technology. Our rounded and square headboxes are attractive and highly durable. Generally used in dim-out applications with blackout fabric, or as an insect screen with mesh fabric, as it has no mid-point stopping positions. The braked spring and decelerator mechanism is enclosed within the barrel.

Options:

Square or rounded headboxes; Black or white hardware available in any RAL colour; With side channels C42-60.

Specification:

YewdaleDefiant® C22-60 braked spring control cassetted blind as manufactured by Yewdale, +44 (0)1268 570900. Flame retardant fabric from the YewdaleDefiant® range, locked into grooved 32mm aluminium barrel along with aluminium bottom bar as standard. Vandal resistant braked spring and spring end housed within black/white aluminium cassette.

Cassetted Blind Profile Dimension Guide

Model	Cassette Size (HxD)	Barrel Size Ø	Side Channel Size (WxD)
