FABRIC AND BLIND SYSTEMS

C27 Electric 230v

Features:

The YewdaleDefiant® C27 electric cassette blind features a strong headbox and 230v AC motor as standard. Designed for top or face fixing and accommodates 40mm grooved aluminium barrel which houses the motor. The motor is controlled by a switch which may be surface or flush mounted (not supplied as standard). Fabric is locked into groove in barrel and an aluminium bottom bar. Black or white hardware as standard.

Benefits:

The C27 offers a premium electric operated cassette blind for situations where durability and functionality are required. The quiet and reliable motor is housed within the barrel and further protected by the aluminium headbox housing. The fabric is locked into the barrel and bottom bar and will give years of trouble-free use. It is located in the groove so that it may be slid out sideways for easy repair or replacement of blind cover. You can choose between a square or rounded headbox to complete the blind and protect it from dust and damage.

Options:

Square or rounded headbox; Black or white hardware; Remote and/or group control systems in place of single switch; With side channels C47S-90/120; Wire side-guiding system; Available in any RAL colour.

Specification:
