## C57T Overhead Electric

### Features:

The YewdaleDefiant® C57T overhead electric cassetted blind comes with a 230v AC Tubular Motor as standard. At the touch of a button from the remote switch (sold separately), the blind can open and close, shading ceiling windows with ease. This blind is quietly drawn across the window by tensioned spring units. Fabric is neatly held in place and remains taut by the side channels. Available in both square and rounded profiles, the powder-coated aluminium headbox provides a discreet and stylish solution for overhead shading. The C57T can be made to a maximum size of 3m X 3m.

### Benefits:

The YewdaleDefiant® C57T provides absolute control over the blind at the touch of a button due to the single channel hand held transmitter, making this blind easy to operate in otherwise difficult areas. The discreet and slim powder-coated aluminium headbox allows the blind to blend in with the interior design of the room whilst providing the shading solution required. This blind is bracketless which eliminates room for light-seepage and is simpler to install in comparison to other overhead blinds.

### Options:

Square or rounded headbox; Black or white hardware, hard-wired or RTS motor. It is recommended that only the following fabrics are used in conjunction with this product: Roach, Roe.

### Specification:

The YewdaleDefiant® C57-90/120T electric overhead cassetted blind with Tracker Fabric Retaining System as manufactured by Yewdale, +44 (0)1268 570900. Flame retardant fabric from the YewdaleDefiant® range, on a grooved 53/70mm aluminium barrel along with aluminium bottom bar as standard.
