

Roller Assembly Table

Industry Minded Development

Roller Assembly Table

Features:

The Yewdale Roller Blind Assembly table is a slim-line table designed for blind manufacturing production lines. Available in a choice of sizes and extras to improve manufacturing times and efficiency. These include a tape cutting punch, alignment fence, magnetic pin removal tool, fabric locking tape dispenser and barrel adaptors. It has an air clamp to quietly – yet firmly – hold the fabric in place and is made from a sturdy metal frame and reversible wooden work surface. No assembly required upon arrival, just a connection to an air supply.

Benefits:

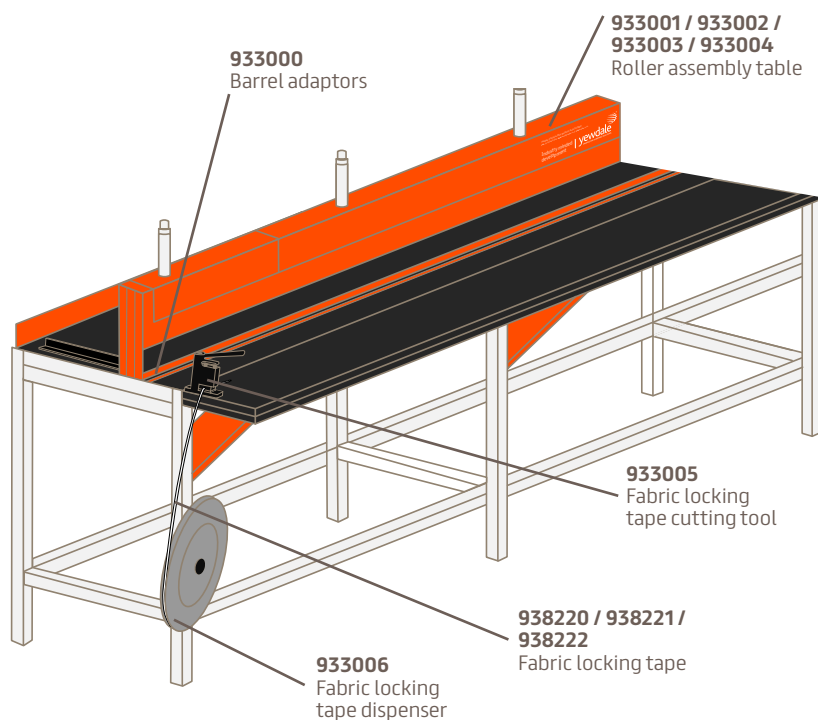

Ergonomically designed and with tools within easy reach, this table helps to speed up roller blind assembly. The table's slim profile allows four tables to fit in the footprint of a traditional roller blind assembly table. This means it facilitates a quadruple increase in roller blind production, and prevents bottlenecks in the production pipeline. Durable and easy to operate, this table is used by Yewdale in day-to-day roller blind assembly.

Options:

2.6m, 3.0m, 3.5m, 4.2m width options available. Barrel adaptors, fabric locking tape dispenser, fabric locking tape cutting punch, 6mm, 7mm, 8mm fabric locking tape (non adhesive), fabric locking tape insert tool and creasing tool.

Specification:

The Yewdale Roller Blind Assembly Table from Yewdale, +44(0)1268 570900.

Additions for easier assembly

6mm Fabric Locking Tape (Non Adhesive) 938221

7mm Fabric Locking Tape (Non Adhesive) 938220

8mm Fabric Locking Tape (Non Adhesive) 938222

Fabric Locking Tape Cutting Punch 933005

Set of 32mm and 40mm Barrel Supports 934000

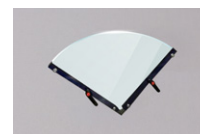

Fabric Locking Tape Insert Tool 930002

Creasing Tool 930003

Set of Barrel Adaptors for Roller Table 933000

Fabric Locking Tape Dispenser 933006
