

Stericurtain

YewdaleHarrier® Reusable Cubicle Curtains

yewdaleHarrier®
CUBICLE AND SHOWER CURTAINS

Stericurtain

Features:

A cost-effective and sustainable alternative to disposable cubicle curtains, Stericurtain is a reusable PVC cubicle curtain with anti-microbial properties and a highlighted wipe-clean surface that prevents the spread of infection in hospital wards.

- 100% polyester PVC laminated fabric
- Flame retardant to BS5867 Part 2 Type C
- Easy fit to existing cubicle track glider and roller hooks
- Available in standard sizes or made to measure
- "Touch Points" on both ends of the curtains to highlight high infection points
- 13 Touch Point colours to choose from
- Fabric weight:
Stericurtain: 115gsm / Dart: 407gsm

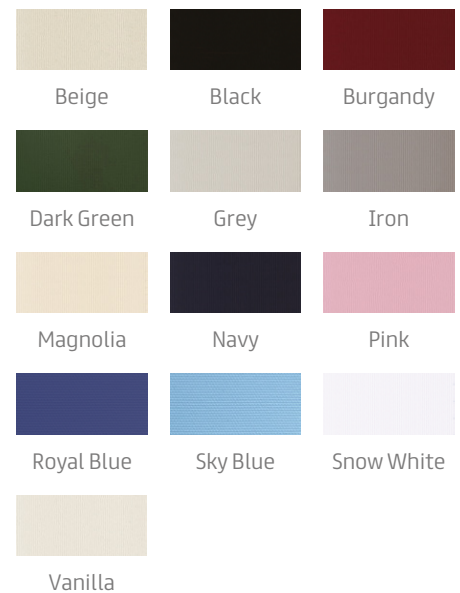

Benefits:

Switching to a reusable curtain brings huge long term cost savings - no more waste, facilities or laundry costs. The wipe-clean surface can be cleaned immediately using a detergent, unlike other absorbent curtains. Stericurtain will never tear, stain or develop mould, mildew or odours and has a lifetime warranty. Available in Seafoam Blue as standard with other colours available on request.

Specification:

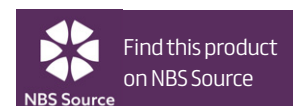

YewdaleHarrier® Stericurtain as supplied by Yewdale, 01268 570900. Flame-retardant 100% polyester PVC laminated fabric for hospitals and healthcare environments, various sizes available.

Touch Point colour must be chosen for both ends of the Stericurtain. This can be different for each end (Max. 2 colours per curtain).
