

K2500

YewdaleKestrel® Safety window curtain track

K2500 Safety window curtain track

Features:

The K2500 fixed curtain track reduces the risk of ligature and violence, making it ideal for health settings, care homes and detention centers. Designed with safety in mind, it fits flush to the wall, eliminating the risk of its use as a weapon. The premium aluminum track comes as standard in white with rounded end brackets. Pin hex anti-tamper security screws are secured into countersunk fixing holes at 150mm intervals to provide a tight fit to the wall or ceiling. Supplied with 16 anti-ligature gliders per meter for a smooth curtain pull.

The standard installation uses a mixture of heavy-duty and low-weight gliders, creating a release weight of 18kg to 24kg, 12kg to 17kg and 30kg to 36kg release weights are achieved by exclusively using one type of glider. When under an excess load, the curtain separates from the gliders, leaving the track and gliders securely in place. The reduced ligature curtain track is easy to install, wipe clean and requires little maintenance. Curtains are not supplied.

K2500 Aluminium Safety Curtain Track

inches	mm	No. Gliders
39½	1000	16
47¾	1200	20
55	1400	23

173¾	4400	71
181	4600	74
189	4800	77
196¾	5000	80

Benefits:

The appropriate curtain release weight can be selected based on the individual setting's requirements. The smooth operation of the anti-ligature gliders ensures ease of use and reduces the chance of the curtain being pulled down due to heavy manual handling. The gliders stay within the track making the appearance of the curtain consistent. No large plastic parts can be removed from the curtain or the track, reducing the risk of self-harm.

We can bend the aluminium track to fit within bay windows and ensuite showers and cubicles, providing privacy whilst reducing the risk of ligature and weapons risk.

Tests carried out using 3mm wide curtain hook.

Option 1 – Standard

18 to 24kg load release with the alternating grey and white gliders

Option 2 – Low weight

12 to 17kg load release with all white gliders

Option 3 – Heavy duty

30 to 36kg load release with all grey gliders

Options:

Any RAL colour available to order.

Top fix available

Top fix can be bent to shape.

Specification:

The reduced ligature YewdaleKestrel® K2500 safety window curtain track as manufactured by Yewdale, +44 (0)1268 570900. Manufactured from powder-coated white aluminium, installed using tamper-proof screws and comes as standard with anti-ligature plastic curtain gliders (hooks to be sewn into curtains separately by third-party).

YewdaleKestrel® K2500 is the only approved safety window curtain track system to be used with YewdaleKestrel®
